

13TH ANNIVERSARY TRADE OFFER

13 years of powering India. The trade deals are live.

As India's authorised Victron Energy distributor, Sunmeister is marking its 13th year with anniversary trade pricing on selected best-selling Victron solar chargers, DC accessories and inverter/chargers. This pack summarises the offer terms and the technical specifications for every product in the promotion.

OFFER WINDOW

17 Jul – 15 Aug 2026

APPLIES TO

Dealers & Resellers trade
partners

AVAILABILITY

While stocks last

Dealers & Resellers

13% OFF

Anniversary trade pricing on selected best-selling Victron products. Applies to qualifying bulk orders — typically 5 units per SKU. EV charging stations are offered at **5% off** per individual unit.

Installers

+5% OFF

An additional 5% off selected Victron Energy products via the coupon on our Amazon store. Available only during the anniversary period, subject to Amazon stock.

[Shop the Sunmeister Amazon store ↗](#)

Terms: Offers valid 17 July – 15 August 2026 on selected products only. Dealer pricing applies to qualifying bulk orders; contact the Sunmeister trade team to confirm model, voltage variant and stock availability before ordering. Voltage and exact model availability can vary. All products are genuine Victron Energy stock supplied with full warranty and Pan-India support. While stocks last.

Anniversary offer — products & pricing

All prices are off Sunmeister trade list

Product	Category	Qualifying order	Trade discount
BlueSolar MPPT 75/15 SCC010015050R	Solar charge controller	Buy 5 units	13% OFF
SmartSolar MPPT 75/15 SCC075015060R	Solar charge controller (Bluetooth)	Buy 5 units	13% OFF
SmartSolar MPPT 100/20 SCC110020xxx	Solar charge controller (Bluetooth)	Buy 5 units	13% OFF
VE.Direct Cable 1.8 m ASS030530218	Data / communication cable	Buy 5 units	13% OFF
Battery Switch ON/OFF 275A VBS127010010	DC distribution accessory	Buy 5 units	13% OFF
EV Charging Station 22 kW · with 4.3" display	AC EV charger	Individual unit	5% OFF
EV Charging Station NS 22 kW · no screen	AC EV charger	Individual unit	5% OFF
MultiPlus-II 48/3000 3 kVA · 48V	Inverter / charger	Buy 5 units	13% OFF
MultiPlus-II 48/5000 5 kVA · 48V	Inverter / charger	Buy 5 units	13% OFF

MultiPlus-II note: Anniversary trade pricing covers selected MultiPlus-II inverter/chargers in 3 kVA and 5 kVA, with priority dispatch on qualifying orders. Voltage and exact model availability can vary — the Sunmeister sales team will confirm the right configuration before your order.

How the offer works

Who qualifies

Registered Sunmeister **dealers and installers**. Dealers & resellers receive the 13% anniversary trade pricing; installers also get an extra 5% off selected products via the Amazon coupon.

Order quantity

Discount applies to qualifying bulk orders — generally 5 units per SKU. EV charging stations qualify per individual unit.

Stock & variants

Confirm model, voltage variant and stock with the trade team before ordering. Offer runs while stocks last.

Warranty

All units are genuine Victron Energy stock with full manufacturer warranty and Pan-India support.

BlueSolar MPPT 75/15

MPPT SOLAR CHARGE CONTROLLER

12/24V · 15A

Voc 75V

Battery voltage	12 / 24V auto	Load output	Yes · 15A, auto-disconnect
Rated charge current	15A	Self-consumption	~20 / 10 mA (12/24V)
Max PV open-circuit (Voc)	75V	Protection	IP43 / IP22 terminals
Max PV power 12V / 24V	220W / 440W	Operating temp	-30 to +60°C
Peak efficiency	98%	Size / weight	100×113×40 mm · 0.5 kg

Bluetooth: no (add VE.Direct Bluetooth dongle)

[Official datasheet](#)

SmartSolar MPPT 75/15

MPPT SOLAR CHARGE CONTROLLER · BLUETOOTH

12/24V · 15A

Voc 75V

Battery voltage	12 / 24V auto	Load output	Yes · 15A, auto-disconnect
Rated charge current	15A	Self-consumption	~20 / 10 mA (12/24V)
Max PV open-circuit (Voc)	75V	Protection	IP43 / IP22 terminals
Max PV power 12V / 24V	220W / 440W	Operating temp	-30 to +60°C
Peak efficiency	98%	Size / weight	100×113×40 mm · 0.5 kg

Bluetooth: built-in (Bluetooth Smart) — monitor & configure via VictronConnect

[Official datasheet](#)

SmartSolar MPPT 100/20

MPPT SOLAR CHARGE CONTROLLER · BLUETOOTH

12/24/48V · 20A

Voc 100V

Battery voltage	12 / 24 / 48V auto	Load output	Yes · 20A (1A at 48V)
Rated charge current	20A	Self-consumption	~25 mA (12V)
Max PV open-circuit (Voc)	100V	Protection	IP43 / IP22 terminals
Max PV power 12/24/48V	290 / 580 / 1160W	Operating temp	-30 to +60°C
Peak efficiency	98%	Size / weight	100×131×60 mm · 0.65 kg

Bluetooth: built-in (Bluetooth Smart)

[Official datasheet](#)

The BlueSolar and SmartSolar 75/15 share the same power hardware; the SmartSolar adds integrated Bluetooth (VictronConnect) for monitoring and configuration without a separate dongle.

DC accessories

Battery Switch ON/OFF 275A

DC BATTERY ISOLATOR

275A cont.
up to 48V

Continuous current	275A	Terminals	M10 studs
Intermittent (1 min)	455A	Dimensions	69.5×76.3×69.5 mm
Cranking rating	1250A	Weight	~0.2 kg
Max operating voltage	60V (systems ≤48Vdc)	Other	Ignition protected · removable knob

Order code VBS127010010

[Official datasheet ↗](#)

VE.Direct Cable 1.8 m

DATA / COMMUNICATION CABLE

1.8 m
VE.Direct

Length	1.8 m	Function	Links VE.Direct devices (MPPT ↔ GX / BMV)
Connectors	VE.Direct → VE.Direct	Order code	ASS030530218

Straight connectors, both ends

[Product page ↗](#)

EV charging

EV Charging Station

22 KW AC CHARGER · 4.3" TOUCHSCREEN

22 kW
Type 2

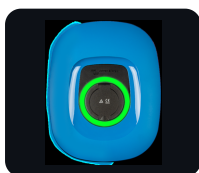

Max charging power	22 kW 3-phase / 7.3 kW 1-phase	Connectivity	WiFi · Bluetooth · GX/VRM
Current per phase	32A (6–32A configurable)	Protection	IP44
Connector	Type 2 (attached cable)	Operating temp	-25 to +50°C
Input voltage	170–265 VAC	Dimensions	377×307×148 mm
Display	4.3" LCD touchscreen	Weight	3 kg

Modes: manual · auto (PV-optimised) · scheduled

[Official datasheet ↗](#)

EV Charging Station NS

22 KW AC CHARGER · NO SCREEN

22 kW
Type 2 socket

Max charging power	22 kW 3-phase / 7.3 kW 1-phase	Connectivity	WiFi · Bluetooth · GX/VRM
Current per phase	32A (6–32A configurable)	Protection	IP44
Connector	Type 2 socket (no cable)	Operating temp	-25 to +50°C
Input voltage	170–265 VAC	Dimensions	372×292×122 mm
Display	RGB status ring (no screen)	Weight	3 kg

"NS" = No Screen — control via web page / Bluetooth app; typically lower cost

MultiPlus-II inverter / chargers

48V models

MultiPlus-II 48/3000/35-32

INVERTER / CHARGER · 3 KVA

2400W cont.
35A charge

Continuous output (25°C)	2400W (3000 VA)	AC input range	187–265 VAC · 45–65 Hz
Continuous output (40°C)	2200W	Output	230 VAC ±2% · 50 Hz
Peak power	5500W	Peak efficiency	~95%
Max charge current	35A	Protection	IP22
Transfer switch	32A	Size / weight	499×268×141 mm · ~19 kg

PowerAssist & PowerControl · parallel / 3-phase capable

[Official datasheet ↗](#)

MultiPlus-II 48/5000/70-50

INVERTER / CHARGER · 5 KVA

4000W cont.
70A charge

Continuous output (25°C)	4000W (5000 VA)	AC input range	187–265 VAC · 45–65 Hz
Continuous output (40°C)	3700W	Output	230 VAC ±2% · 50 Hz
Peak power	9000W	Peak efficiency	~96%
Max charge current	70A	Protection	IP22
Transfer switch	50A	Size / weight	499×268×141 mm · ~30 kg

PowerAssist & PowerControl · parallel / 3-phase capable

[Official datasheet ↗](#)

Anniversary trade pricing covers selected MultiPlus-II models in 3 kVA and 5 kVA. Exact voltage variant and availability are confirmed by the Sunmeister sales team before order. Figures above are the 48V models; confirm the precise SKU on the datasheet at time of quotation.
